

Hastings Dairy School Tour

Visit a working dairy farm to learn how milk is produced. Watch cows being milked, see where they live and learn what they eat. The one-hour tour will cover material in the areas of life science, vocabulary, economics and health. After the tour, your group can eat their sack lunches or have a snack in The Parlor meeting room. The tour is geared towards K-3rd, but can be tailored to all ages.

School tours are available by appointment for groups of 10 or more April 15th through October 31st Monday through Friday between 9am and 3pm.

Cost: \$5/person for children, parents and chaperones (two teachers free). This includes a string cheese snack for each participant.
